

Location
The Oak Circus Centre

Class Duration
1.5 Hours

Age
7 - 14 years

SEN

FRIENDLY
WORKSHOPS

Supporting children and young people with special educational needs & disabilities.

All the fun of our youth circus class a fun filled, interactive introduction to circus skills through play and games.

Our SEN Classes take place in a more calm environment at Oak Circus Centre in the heart of Norwich and take into account the different needs and personal requirements of the children and what levels they can work to.

Beneficial in terms of behaviour and openness and a great way to improve motor skills, balance, coordination and strength. We believe circus also develops confidence, discipline and team work. All our activities take place in a safe environment with professional tutors.

Students should wear comfortable clothing which covers most of their skin to avoid injury.

Parents are very welcome to participate and offer support during the class.
